Please see UTP Vendor Alert #2013-10 for more information.</p> <p>The enterprise license option is only available to broker dealers registered under the Securities Exchange Act of 1934. It covers Non-Professional usage of UTP Level 1 data offered via a single entitlement system. Please note that the enterprise license covers Non-Professional users of UTP Level 1 data entitlements only. Firms must continue to report and pay the applicable usage fees for Professional users accessing UTP Level 1 data as well as annual administration fees.</p>
Delayed	Delayed Subscriber	Delayed Subscriber Usage is not currently fee liable	

NON DISPLAY FEES

TIMING	ENTITLEMENT NAME	FEE	DETAILS
Real-Time	Non-Display Trading Platform	\$ 3,500/Trading Platform	An organization that uses data in more than one electronic trading system must count each such trading platform. For example, an organization that uses quotation information for the purposes of operating an ATS and also for operating a broker crossing system not registered as an ATS would be required to pay two electronic trading system fees. Please see UTP Vendor Alert 2014-5 for more information.
Real-Time	Non-Display Internal Use (Internal Enterprise License)	\$ 3,500/month per firm	The Non-Display fee for Internal Use applies when a data feed recipient uses data for Non-Display purposes on its own behalf (other than for purposes of an electronic trading system). Please see UTP Vendor Alert 2014-5 for more information.
Real-Time	Non-Display Use on behalf of Customers (External Enterprise License)	\$ 3,500/month per firm	The Non-Display fee for External Use on behalf of customers applies when a data feed recipient uses data for Non-Display purposes on behalf of its customers (other than for purposes of an electronic trading system). Please see UTP Vendor Alert 2014-5 for more information.
